Art Unit: 2838

The brief does not contain arguments of the appellant with respect to each of the issues presented for review in 37 CFR 1.192(c)(6), and the basis therefor, with citations of the authorities, statutes, and parts of the record relied on as required by 37 CFR 1.192(c)(8).

The brief does not contain, for each rejection under 35 U.S.C. 102, an argument which specifies the errors in the rejection and why the rejected claims are patentable under 35 U.S.C. 102, including any specific limitations in the rejected claims which are not described in the prior art relied upon in the rejection. Appellant is advised to point out how the claim limitations overcome the applied prior art for each and all pending claims 1-16.
